EMERY LEE RESTORES THE VETERANS NATURE TRAIL

By Katheryn Johnston and Friends of Freedom Park

Lake Cherokee Veterans Nature Trail Gets a Scouting Makeover
Scout Emery Lee finishes her Eagle Scout Project after working with John Morgan on the northside trail.
By Katheryn Johnston and Friends of Freedom Park

Emery Lee and her family moved to Lake Cherokee in 2021 to join her grandparents, Laura and Scott Lee who were already Lake residents. One day she hiked the northside Lake Cherokee Veterans Nature Trail with her mother. She noticed that signage was in disrepair and there was overgrowth on the trail.

She wanted to fix it up for other families to enjoy. At the time, she was a Scout and beginning to think about her Eagle Scout project. She felt strongly that the restoration of the trail would not only fulfill the project requirements but also combine her passion for conservation and community. This unassuming trail could be missed by passersby and is probably unknown to southside residents. Yet, Emery Lee felt inspired to bring it back to life. She contacted the lake office and Kevin put her in touch with John Morgan.

John Morgan (US Army Veteran 1960-1963) wanted to

honor lake residents who were Veterans of Operation Desert Storm (1990-91). In 2008, he got permission to create a trail in the woods across from his NH section home. He forged a path with 3 entrances from the Lake road. At the head of the trail, he placed a flagpole and plaque with Veterans' names. He cleared an area tucked in the middle of the trail and named it Veterans Circle. This stop was the highlight of the trail with wooden plaques recognizing the five branches of the US Military. For the last 18 years he has mowed and maintained the trail. However, time and Mother Nature have taken their toll. Even with

Catching More Fish - A Cherokee Fishing Tip

Introduction

As fishermen, one of our most important responsibilities is to help keep our fishery in balance. Too many fish, too few fish, too many forage fish, and too few bait fish all make for an unhealthy body of water.

While it sounds like a good problem to have, Lake Cherokee has too many fish. Being a private lake with very good fish habitat and little fishing pressure, the lake is very susceptible to getting out of balance. To help keep our lake in balance let's look at some tips to catch and harvest more Friday night fish fry's!

As we transition into fall, water temperatures will start a downward trend. From late June to the end of October, fish are very sensitive to water temperature and the oxygen levels in their water. The "sweet spot" for the ideal temperature and rich oxygenated water is called the Thermocline. Based on Lake Cherokee's depth and water clarity, the thermocline is typically at 12-13 feet below the surface. All game fish and forage fish can be found at or above the thermocline. The cold water below the thermocline is depleted of oxygen. Even the catfish, who normally spend their days in the bottom third of the water table, will be found above the thermocline. Find the thermocline and you will find some of the more active fish. Warm water increases a fishes metabolism so they have to feed more often or find bigger prey. Lake Cherokee's Fishing Club has supplemented the lakes structure for years with brushpiles and other structures. They have placed the majority of their habitats in 14-16 feet of water. That puts the fish right in the most comfortable place in the water column, making life easier for the fish, the forage, and most importantly the fishermen. Get on a brush pile and you will find catfish, bass, crappie, and bream.

The next best option is to find schools of shad. The fish following those shad are typically in chase mode as shad are Lake Cherokee's most populous forage fish. The predator fish will pin the shad up against the surface of the water. You will see plenty of action as those shad swim for the lives

Finding the fish and catching them is not as easy as one would think. Anybody with electronics on their boat can tell you the frustration of seeing them and not catching them.

Late summer and fall, game fish are most likely to be after shad or immature fish that hatched earlier in the year. The old adage of "match the hatch" to catch fish is a tried and true tactic. Baits that mimic the color and or size of the forage fish will bring the most success. Remember that the bait making companies are selling their baits to the fisherman. Not the fish! Bright contrasting colors that look nice on the shelf at Bass Pro Shop and catch active fish in the pre and post spawn months when the fish are most aggressive may not be your best bet in warm water. Live bait like minnows will be most successful if you can keep them alive. White, pearl, silver, and monkey milk are all good shad imitators. Watermelon Red or Blue, green pumpkin, June Bug, Blue, or Black are great bluegill look-a-likes. You can add a small bit of contrast to spark an interest with a chartreuse tail, dip a small part of your bait in a dye, or add a colored jig head to your swim bait or plastic. Unfortunately the gar, pike, and grinnell also like those natural colors.

While it may be old school, these next few months are a great opportunity to find a brush pile, pull out a bobber, and soak a minnow under it. That makes for easy fishing, a fun family activity, and a mess of fish for a good ole Friday Night Fish Fry!

Let's keep our fishery healthy and balanced and take home some good eats!

MESSAGE *from the* MANAGER

KEVIN JONES

General Manager, Lake Cherokee

Hello Shareholders,

As we begin a new fiscal year, I am pleased to report that Cherokee Water Company has completed another successful fiscal year. Revenues finished slightly above our budgeted projections, while overall expenditures came in below budget. This favorable variance reflects continued attention to responsible financial management, careful monitoring of expenses, and thoughtful decision-making throughout the year. Once

again, CWC has maintained a sound financial position while continuing to provide the services and maintain the infrastructure that our shareholders expect.

As we move into the new fiscal year, our commitment remains the same: to manage your money with fiscal responsibility while making sound, forward-looking decisions for Cherokee Water Company. We will continue to evaluate our infrastructure needs, prioritize projects based on necessity and available resources, and look for opportunities to improve the lake and surrounding community while being mindful of the financial impact on our shareholders. Our goal is to make responsible investments that protect the value of what we have and improve the quality of life for those who call Lake Cherokee home.

We also completed another safe summer season on Lake Cherokee. A safe and enjoyable summer on the water does not happen by accident, it is the result of everyone doing their part. I appreciate the cooperation of our shareholders and lake residents in following CWC rules and practicing responsible boating and water safety. The Lake Patrol works hard throughout the summer to help keep our lake safe, but their ef-

forts are most effective when everyone on the water takes personal responsibility for their own safety and the safety of those around them.

I would also like to recognize something that cannot be measured on a financial statement but is equally important to the success of our community. I have seen an obvious effort by many of our shareholders and neighbors to mend fences, be more courteous and considerate toward one another, and show greater appreciation for the community we share. That spirit makes a difference. We do not always agree on every issue, but we all have the same opportunity to appreciate what Lake Cherokee has to offer and what this community means to each of us.

I look forward to beginning another safe, productive, and exceptional year here at the lake with each of you.

Respectfully,
Kevin Jones, GM

ISAIAH 61:1

Board Meeting Minutes

MINUTES OF THE BOARD OF DIRECTORS

CHEROKEE WATER COMPANY

September 17, 2026

A meeting of the Board of Directors was held on September 17, 2026. 6:00 p.m., at NK 20 Lake Cherokee, Longview Texas 75603 with the following Directors present:

Gary Mapes, President
David McDaniel, Vice President
Logan LoBue, Treasurer
Rhonda Bullard, Secretary
Ken Hall
Jeff Patty
Alan Koelemay
Beth Swindell
Mary Yoder
Absent: Alan Koelemay

The meeting was called to order at 6:00 p.m. by President Mapes. President Mapes confirmed with Secretary Bullard that a quorum of the Board was present. Mapes called on Secretary Bullard for approval of minutes. Mrs. Bullard made a motion to approve the minutes of August 20, 2026, as electronically distributed to the Board of Directors. A second was offered by David McDaniel and the motion passed unanimously.

General Manager Kevin Jones gave an overview of operations, displaying slides regarding transfers, permits, maintenance hours and Patrol activities. He reported that the road project in NQ to Hwy 2011 is underway and on target for completion no later than 1st week of October. The Dam/Spillway inspection is complete, with noted repairs underway. Siltation Pond cleanout is almost complete; maintenance has expanded/enlarged siltation ponds where possible. He announced CWC has entered Stage 1 of the Drought Contingency Plan in response to mild water shortage conditions.

Treasurer LoBue reported monthly financials continue to be positive, with income being about 1% above projected budget and expenses 8% below projections.

Logan made the motion to approve the financials for August 2026; Ken Hall offered the second and the motion passed. Logan also made the motion to certify the bills paid for August 2026; Rhonda Bullard offered the second and the motion passed.

Lobue, as Finance Committee Chair, also reported the Committee and Board reviewed and approved the CWC Financial Management Plan, after making minor changes to bring it current.

David McDaniel reported the Rules & Policies Committee did meet and had two variances to bring for approval.

NG 18 is seeking approval to place an accessory building closer than 75' (66') from the shoreline. The committee is recommending approval of this request. David McDaniel made the motion for approval; Rhonda Bullard offered the second. The motion passed. SQ 3 has requested approval to replace a storage building that currently sits on the property line. The adjoining shareholder has agreed. David McDaniel made the motion to approve the request; Logan LoBue offered the second. The motion passed.

David further reported that the Committee has several Bylaw amendments to bring for Board approval. Committee member Beth Swindell stated the rationale given for the Bylaw amendments is to reflect current governance practices and better meet the organization's evolving needs. Mrs. Swindell read the following amendments:

Amendment to the by-laws of Cherokee Water Company Resolved, pursuant to Article IX, Section 2, of the by-laws of the Cherokee Water Company, the following articles are being proposed.

Article IV Election Commission and Election of Directors Sec.3

Current Language: On the second business day of October of each year, the Election Commission must examine all shareholders' requests to be certified as candidates for election to the board of directors and certify those requests which are in order for inclusion on the Official Ballot. Any shareholder who is rejected for cause by the Election Commission must be given written notice of his/her rejection and will then have five (5) days, including the date of notification, within which to remedy the cause of his/her rejection. All qualified shareholders who are candidates for election to the board of directors are to be listed on the Official Ballot in order chosen by lot. Only those shareholders who have been certified by the Election Commission as qualified candidates for election to the board of directors shall be eligible to have their names included on the Official Ballot. No write-in candidates shall be eligible for election to the board of directors.

Amended Language On the second business day of October of each year, the Election Commission must examine all shareholders' requests to be certified as candidates for election to the board of directors and

certify those requests which are in order for inclusion on the Official Ballot. **The Election Commission shall review the qualifications of each candidate for election to the Board of Directors and determine whether the candidate complies with these Bylaws. The Election Commission shall also review each candidate for the Board of Directors for any material financial, business, employment, professional, or other interest that could reasonably interfere with the candidate's ability to exercise independent judgment and fulfill their fiduciary duties to Cherokee Water Company. Candidates shall disclose any actual or potential material conflicts requested by the Election Commission. The Commission may request additional information reasonably necessary to evaluate a potential conflict. If the Election Commission determines that a conflict is material, ongoing, and cannot reasonably be managed through disclosure, recusal, or other appropriate measures, the Commission may determine that the candidate is ineligible to serve on the Board. The Election Commission shall apply this standard consistently and without regard to any particular occupation, business, or individual.** All qualified shareholders who are candidates for election to the board of directors are to be listed on the Official Ballot in order chosen by lot. Only those shareholders who have been certified by the Election Commission as qualified candidates for election to the board of directors shall be eligible to have their names included on the Official Ballot. No write-in candidates shall be eligible for election to the board of directors.

Article V Directors Sec. 6

Current Language: A quorum for the transaction of business at any regular or special meetings of directors shall consist of six (6) members of the board of directors present at a meeting. The act of a majority of directors present at a meeting at which a quorum is present at the time of the act is the act of the board of directors of the Corporation unless a greater number is required by these bylaws or law. "Present at a meeting" means actual, personal attendance at the location of the meeting. Present at a meeting does not include attendance by conference phone or similar communications equipment, including videoconferencing technology or the internet or any combination of such that would permit remote participation in the meeting.

Amended Language: A quorum for the transaction of business at any regular or special meetings of the board of directors shall consist of **five (5) members** of the board of directors present at the meeting. The act of a majority of the directors present at a meeting at which a quorum is present at the time of the act shall be the act of the board of directors of the Corporation, unless a greater

number is required by these bylaws or law. **A director may participate in a regular, special, or pre-board meeting through conference telephone, videoconferencing technology, the Internet, or any other suitable electronic communications system that permits each participating director to communicate concurrently with all other persons participating in the meeting. A director participating through authorized remote communications technology shall be considered present in person at the meeting for all purposes, including determining a quorum, participating in discussion, voting, and recording attendance. If voting takes place, the Corporation shall use reasonable measures to verify the identity of each director participating and voting remotely. The minutes shall record each vote or other official action taken at the meeting. A director shall not be considered present during any period in which a loss of connection or other technical difficulty prevents the director from hearing and communicating with the other meeting participants. If the loss of a director's participation results in the loss of a quorum, no further official action may be taken until a quorum is restored.**

Article V Directors Sec. 11

Current Language: Any director who is not present at a meeting for four (4) meetings in an attendance year, whether regular, annual or committee meetings, may be removed under Article V, Sec. 8 of these bylaws. Such decision from the board of directors shall be final. The board may appoint a director to fill the unexpired term. "Present at a meeting" means actual, personal attendance at the location of the meeting. Present at a meeting does not include attendance by conference phone or similar communications equipment, including videoconferencing technology or the internet or any combination of such that would permit remote participation in the meeting. "Attendance year" means a year commencing on the date of the annual meeting of shareholders and ending on the day preceding the date of the annual meeting of shareholders of the succeeding year.

Amended Language: Each director is expected to be in attendance for 75 % of all meetings, whether regular, annual, pre-board, or committee meetings. Directors who do not attend the expected number of meetings may be removed under Article V Section 8 of these bylaws. The decision of the board of directors shall be final. The board may appoint a director to fill the unexpired term. For purposes of this section, a director shall be considered present when attending either in person or through conference telephone, videoconferencing technology, the Internet, or other suitable communications equipment that permits the director to communicate concurrently

with the other meeting participants. "Attendance year" means a year commencing on the date of the annual meeting of shareholders and ending on the day preceding the annual meeting of shareholders in the succeeding year.

President Mapes acknowledged the reading of the proposed Bylaw amendments and called for a motion. Beth made the motion and David McDaniel offered the second; the motion passed unanimously.

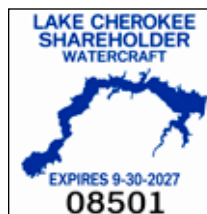

Infrastructure Committee Chair Logan LoBue reported that the committee met and discussed road projects, boat road maintenance and other infrastructure concerns. The Committee heard from Bud Rayford, contractor for current road project. The General Manager is seeking a consistent plan for road projects to streamline the process and budget cycle. The Committee did not have any actions items for the Board.

With no other business, President Mapes, adjourned the meeting at 6:25 p.m.

ATTEST:

Rhonda Bullard Secretary

26_27 Lease Renewal Reminder

The annual lease renewal is here. Payment of \$2,050 is due on the first day of October and is considered late on the first day of November. Everyone should have received a communication to renew your lease. If the split payment option is chosen, the first half (\$1035) is due on October 1st and will not be accepted after October 31st.

After November 1st, the split payment option is no longer available. The second half of the split payment (\$1035) is due on the first day of April, 2027 and is considered late on the first day of May.

Your new privilege cards will be sent via text to the numbers you provided on your lease. For those of you that live here on the lake, decals will be delivered to your home by Lake Patrol starting in October. All others will be mailed to the address we have on file.

After November 1st, a \$100 late penalty will be issued and assessed each month until payment is received. If you need assistance with your lease renewal, please contact the CWC office.

By Jeanne Collins

"I am a part of all that I have met"
- Alfred Tennyson

The real reward of bridge is friendship. We meet people at the bridge table, find out about them, enjoy their stories, share our own stories, help each other through good times and bad, celebrate our accomplishments, mourn our losses and support each other through thick and thin. Bridge players are intelligent, interesting and accomplished. Bridge players are well worth getting to know.

Come and meet our group at the CWC. Our games are very informal, and men and women of all skill levels are welcome. The person with the high score for the room each Wednesday gets to put his or her name "On the Wall".

We play on the 1st, 3rd & 5th Wednesdays at the CWC Library, next door to the CWC Office. We start at 11:30 am and play four rounds, usually finishing by 2:30 pm. On the first Wednesday of each month we have a pot-luck luncheon, beginning at 11:00 am.

If you do not know how to play, we will teach you. If you would like to join in, please do not hesitate to just show up on any Wednesday. We look forward to meeting you!

First Friends Lunch was held on Thursday, September 17th in the home of Gail Fowler - NH 14.

We were excited to have two special guests joining us: Barrett New-som, President, and Thomas White, Planning Leader, of Friends of Freedom Park.

Roxanne Brink, Karen Franklin, and of course, special guest - Thomas White & Barrett New-som.

They shared the vision for our beautiful Lake Cherokee Friends of Freedom Park and re-ceived our first donation of \$2000.00 from our cookbook sales! We are so proud that our First Friends group can help support this wonderful addition to our lake. ♥

In honor of freedom and our veterans, we decorated the tables in Red, White & Blue! Some even joined in on the fun and wore red, white or blue!

Our special guests were gifted with a cook-book and the door prize winners were: Karen Franklin & Lori Klump.

If you want to be a part of this great en-deavor - we still have cookbooks available for sale. It is a great tribute to our lake as well having some keepsake recipes from our great cooks on the lake plus Christmas is coming and what a great gift it would be!!!

Lake Cherokee Photography Club

The September meeting of the Lake Cherokee Photography Club was held on September 8, 2026 on Sweet Gum Lane. Karen and Allan Franklin coordinated a classic car photo shoot. There were 6 antique and classic cars, the oldest being a 1929 Ford. The event drew neighbors and friends of the club members, and snacks and drinks were had around the swings. Although it was a bit warm, it was well attended and a good chance to socialize as well. Thanks to all the friends and neighbors who brought their cars to the circle.

October 13, 2026 is our regular meeting night. There was discussion several months ago about going to the Arboretum on a Sunday afternoon October 11 or 20. Those plans have yet to be finalized. A survey will be posted on the club Facebook page and an email will be sent offering that as a choice, or a meeting at the office, showing photographs and /or discussing next years programs.

November 10, 2026 will feature Deana and Jarett Harkness and Patty Stewart comparing photographic trips to China. Patty went some time ago as a professional photographer, and Deana and Jarett more recently as tourists. It should be a great show and a window into Chinese society.

December 8, 2026 will be the holiday house party, place to be determined. As in the past, be prepared to bring food and drink to share. There will be a white elephant gift exchange, which is always a fun event. Photography related white elephants went over well last year, but not required.

January 12, 2027 will be the return of Marc Bailey Photography. We never know ahead of time what topic or technique he will cover, but it is always interesting and often experiential. Have your cell phones charged !

The club members need to be thinking of programs and speakers for 2027. It is not too early.

The Lake Cherokee Photography Club meets the second Tuesday of the month at 6PM usually at the lake office unless otherwise specified. It is open to all lake residents. We look forward to having new members join us. If you

have questions, please TEXT Holly at 903-399-0066 and I will get back to you. (Please note Photo Club on your message.) We have a Lake Cherokee Facebook Page and an e-mail list to post updates and reminders of upcoming meetings. This is an informal group of photographers with various levels of skill and "equipment" although most use cell phones exclusively. Consider coming to a meeting to see what we are all about.

Lori Klump, Secretary

**Cherokee Fishing Club
September 14, 2026 meeting**

So, when the lake is down, are the fish easier to catch? Probably not, but we certainly enjoyed hearing Gary and Pete tell us about the fish round up at the hatchery! Read on to learn more. But first, we were treated to Pete and Carol's tasty pulled and roasted pork with baked beans. Bob Tippitt, Linda Steele and David Wilson brought sides and dessert. Thank you all!

President Keith Hightower welcomed new members: Robin Walker, Troy and Tex Parker. Guests included the Her-rin family with fishing contest winner Kennedy, Annabell Blackmon, Christian Godwin, Don Nichols, Kristina Coolidge, speakers Jeff Gage and Jeb Underhill from Plano Marine, and Jace Lindsay - Bassmaster fisherman.

Keith thanked the volunteers who helped with table set up on Sunday: Doug Klump and David Wilson; and those that were staying for kitchen clean up after the meal: Pete Peerenboom and Danny Weant. Keith shared kudos to the lake management for their support of the club. They have recently invested in restocking with Florida Bass and lake biologist Garrett Stampport gave us some additional feeders for the hatchery ponds. Keith also emphasized the need to continue harvesting underweight fish, as discussed in Garrett's September Chatter article.

Keith also reminded us of the food drive for Samaritan House. For our November meeting, we are collecting sugar, cake mix, frosting, Jell-O and chicken broth.

Secretary Lori Klump announced the upcoming board positions for election this January: Vice President, Treasurer, Hatchery Director and Tournament Director.

Bryce Tawney gave the treasurer's report and noted we are up to 135 members. He also shared the "relative weight" chart we have that can guide you on what to keep and what to return to the lake.

Jase-August bream winner

Gary Lindsey then shared some lively stories about releasing the fish from the hatchery ponds. Possibly some fish tales, but it involved several turtles, a voracious Florida bass, millions of frogs-to-be, and a snorkel. But seriously, a lot of hard work goes into keeping our fish population balanced and the hatchery pond is where it really all begins. Gary and Pete Peerenboom have put their hearts and backs into the efforts this year!

David Wilson reminded everyone of the fall bass tournament on October 17. Entry fee is \$50 per team. Forms are in the October Chatter and posted in our Facebook group. Big Bass Bounty, which is underway until the tournament continues to be led by Dawson Jaskiewicz with an 8 lbs., 2 oz catch. Latest results can be found on our CFC Facebook page. Send your photo to fishingcherokee@gmail.com to enter. Winner of that contest receives a nice rod from Pride Fishing Rods!

Doug Klump then introduced Kristina Coolidge from Coolidge & Company to present the winners of the August Kid's Fishing Contest: Kennedy was the catfish winner with a 1 lb., 5.6 oz catch. Dawson brought in a 3 lbs., 11 oz bass. Bream winner, Jase had a nice 11 oz fish and was unable to attend.

Then it was time for the 2026 Kids Fishing Contest Grand Prize Drawing! Fifty-eight entries were eligible for the drawing. President Keith Hightower drew from the "bobber bowl" and...the winner was Kennedy! It was terrific to

Dawson-August bass winner

have him right there to receive his winnings on the spot. Coolidge & Company awarded him \$500 to fund his future fishing career. Congratulations to all the 2026 contest winners. See you next year to do this again!

John Jaskiewicz introduced our guests from Plano Marine. Jeff Gage kicked off the presentation with words of appreciation for all their customers here at Lake Cherokee. In return, he brought

coupons that would provide a 10% discount on their tackle and sunglasses. Jeff invited Jace Lindsay to speak, who is a young fisherman on the rise. Starting in 2020 with the High School National Championship contest, Jace has fished 14 tournaments. He shared some of his tips on how to tie on and use the "urchin" style baits, emphasizing they are really worth trying. The best size for large mouth on this lake would be 20-25 mm.

Next up - Raffle: Jucy's coupons - Robin Walker, Logan Lobue, Linda Steele; Tackle bags - Bob Tippitt, Jon Traylor, George Steele; Fishing pliers - Christian Godwin; Crappie reel - Bryce Tawney; AAC Crappie Stick rod- Danny Weant; Spincast reel - Annabel Blackmon; Hand-crafted bluebird house (donated by Lee Scott) - Christian Godwin. Congratulations to all!

Next meeting is October 12 at NK 20, CWC Office. Dinner is at 6:30. Guests are welcome and membership is only \$20 per calendar year. Hope to see you there!

CHEROKEE FISHING CLUB CFC BASS TOURNAMENT RULES AND REGULATIONS

Registrant or One Team Member must have 2026 CFC Membership

A. General Rules

1. All Texas rules of the Texas Water Safety Act will apply to all tournaments. The CWC Lake Patrol will enforce the CWC Rules, TP&W Rules and Regulations, and Texas Water Safety Act.
2. Each boater must wear a USCG-approved life vest any time the main motor is started or running. Inflatable life vests are permitted, provided they are worn at all times.
3. No alcohol or drugs are allowed while fishing in the tournament. Violations will result in disqualification.
4. Any person found to be cheating or endangering watercraft, its occupants, or the property of others will be disqualified and may be banned from all Cherokee Fishing Club events.
5. All participants must display good sportsmanship. Unsportsmanlike conduct, including cheating, harassment, or verbal/

physical interference with tournament weigh-in or with other participants, will result in disqualification.

6. No Fishing is allowed within 100 yards of the tournament weigh-in location
 7. Fishermen must be in the Weigh-In line no later than the designated time of the end of the tournament.
 8. The Cherokee Fishing Club does not provide tournament weigh-in bags and all fish must be placed in a tournament bag, with sufficient water to keep the fish alive during the weigh-in process.
 9. Entry fees will not be refunded unless the tournament is canceled or postponed by the CFC President or CFC Tournament Director.
 10. Participants may fish from the bank, a dock, a boat, canoes, kayaks, rubber rafts, and float tubes.
- B. Bass Tournament - Black, Spotted, Florida, or any combination thereof.

1. Entry Fee is \$50.00 for a boat/2-member team or a single lone fisherman. The team sponsoring shareholder or one person in the boat must be a current paid-up CFC member. No more than two people per boat.
2. Start time is 6:30 a.m., and Weigh-in time is 3:00 p.m. Participants may weigh in any time after 1:00 p.m. until the final weigh-in time. Late arrivals will not be allowed to weigh in.
3. Bag limit: five (5) live fish per boat. Fish must be a minimum of fourteen (14)" or greater in length. No dead fish will be weighed in.
4. Winning places to be paid will be determined by the Tournament Director and, in the absence of the Tournament Director, an officer of the CFC.
5. Prizes will be awarded based on team results on the heavy stringer. The Tournament Director may have individual prizes based on the heaviest Bass and additional

levels of the heaviest Bass.

6. All weigh-in results of the Tournament Scale are official. All protests must be brought to the attention of the Tournament Director during weigh-in. The Tournament Director's decision will be final.

CFC may elect to do a separate survey (weight and measure) of bass relative weight. CFC may also elect to harvest any bass that is below relative weight or deemed to be overpopulated for its size.

Updated September 2026

CONTINUED FROM PAGE 1

John's efforts, the trail became slightly overgrown and the signage faded. Naturally, he was delighted to hear from Emery.

Scouting America (www.scouts.org) has undergone changes in the last 100+ years as American culture has changed, but the Eagle Scout remains the highest level of achievement. Completion of an Eagle Scout project that benefits the community is essentially the culmination of the process to become an Eagle Scout. The main purpose is to learn and practice leadership skills, but candidates also learn project management including planning, finding funds and materials, and managing people. Not everyone becomes an Eagle Scout. In fact, only 4% of Scouts earn this distinction.

Emery's plan was accepted by Nationals and she began work this year. She put in over 100 hours planning and executing. She raised \$900 which went towards gas for transportation and feeding and hydrating volunteers. She procured donated equipment and supplies. In Veterans Circle, she built and installed 2 benches and laser-engraved

6 military branch signs. She found eight dedicated volunteers who were not afraid of hard labor and working in 104-degree temperatures. Among her learning experience, she emphasized gaining experience in making professional phone calls which probably is a lost skill for most teens.

Emery says that the hardest part of her project was "life getting in the way." As with everyone, life events seem to sidetrack all our good intentions. This is especially true for busy high schoolers who are in the process of shedding childhood, becoming adults, and navigating their future. For Emery this was no different as family events prevented her from starting her project earlier.

What advice would she give to Scouts working on their projects? "Make the time." The main reason there are few Eagle Scouts is that projects must be completed before "Eagleing out" at age 18. One might say that the true character of an Eagle Scout is not necessarily intelligence or skill, but perseverance and focus. She also noted that it was harder to come back to work after taking a week off. So, perhaps blocking the time with no interruptions is key to finishing.

Emery hasn't earned Eagle Scout status as of this writing. She wrote a paper that was submitted to the Board of Review and will be notified soon by Nationals. If all goes well, a ceremony in January will secure her title. While celebration of an Eagle Scout designation may be premature, Lake Cherokee residents have much to applaud. How fortunate are we to have a caring, community-minded, energetic young woman choose us for her attention?

Of course, John is beyond pleased to see his legacy being cared for by a younger generation. He will continue to mow and maintain the trail. Why? A number of reasons. First, he is a proud US Army Veteran. Second, he says his happy place is in the woods. Third, after 44 years on the Lake with 2 terms on the CWC Board (1990-96) and a term as President (1995/96), he loves Lake Cherokee. "We live a life every day that the average person saves up to do 1 or 2 weeks a year." Yes indeed, we are truly blessed!

**Interested in visiting
the Veterans Nature Trail?**

The Veterans Nature Trail is a shady quiet path just under one mile in distance. The main entrance is marked with a flagpole and plaque and is across from NH23. The central entrance is across from NH-9 and is the quickest way to get to Veterans Circle. There is also an entrance on the hill across from NH 5/6. In Veterans Circle, there are six signs representing the military branches including a new Space Force sign. You may see mementos left behind by visitors to honor their Veterans. Please respect these cherished objects. And, if you visit the trail and feel so inclined, John would love for you to bring your nippers and garden gloves to cut away at protruding branches and fast-growing vines.

Friends of Freedom Park are caretakers of the Lake Cherokee Veterans Memorial at Freedom Park. We proudly recognize Emery Lee and John Morgan for their commitment to our Veterans. This story and more photos can be found on our website www.LakeCherokeeFreedomPark.org. If you have a story or information to share about our Veterans, please contact us! Kac135975@gmail.com

AED

FIRST CALL 911

AED stands for Automated External Defibrillator. It's a portable electronic device used to deliver an electric shock to the heart of a person in sudden cardiac arrest to restore a normal heart rhythm. AEDs are designed to be easy for anyone to use, even without special medical training.

The AED uses voice prompts, lights and text to tell the rescuer the steps to take. AEDs may have two sets of pads — adult pads and child pads. For CPR, anyone 1 year or older who hasn't gone through puberty is considered a child. However, for defibrillation, make sure you use the adult pads for anyone 8 years or older. Follow these steps when using the AED: • Turn on the AED and follow the voice prompts. • Remove all clothing covering the chest. If necessary, wipe the chest dry. • Peel away the backing from the pads and attach the pads to the person's bare chest following the illustration on the pads.

There is a AED located on the wall between the women and mens restroom on the Island

Echos Across Lake Cherokee - A Sept 11th Remembrance Event

This year was 25 years since the attacks of September 11th. FFP held a moment of silence at 7:46am and lake-wide horn salute at 7:47am. Alan Heath said, "It was a solemn and a bit eerie as a commercial jet flew over us during the moment of silence." We all can probably understand the significance of that interruption, bringing back the shock and horror of that morning 25 years ago. We hope to continue this remembrance every year.

*Echos Across Lake Cherokee.
Alan Heath standing on Freedom Dock at 7:46am
on 9/11 looking at the island and sunrise.*

Veterans Nature Trail Restoration - An Eagle Scout Project

In August, Emery Lee, granddaughter of Lake residents Laura and Scott Lee, completed her Eagle Scout Project to restore Lake Cherokee's Veterans Nature Trail on the northside. Guided by John Morgan (FFP Member and the Trail's original builder and caretaker), Emery and her volunteers cleaned up the path, built and installed benches, and built and laser-engraved new military branch signs. In keeping with Eagle Scout project guidelines, she planned and managed this project on her own including raising money, recruiting and supervising volunteers, and joined in all the hard labor in the searing August heat. FFP is honored to be a small part in Emery's success and to call John Morgan (US Army Veteran 60-63) one of FFP's founding members. See the full article and pictures in this edition of the Chatter.

Cheers to Our Generous First Friends and Future Yummy Meals!

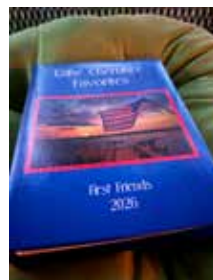

FFP recognizes the amazing generosity of our First Friends! The Lake Cherokee First Friends group named FFP as beneficiary of the proceeds from the sale of their Cookbook. At their September meeting, Barrett Newsom (FFP President) and Thomas White (FFP Board Member) accepted a check for \$2000 from our First Friends. The Cookbook has countless recipes from our community and are still available - a great Christmas present! Special thanks to Teresa Davis and Karen Franklin for designing, editing and publishing the Cookbook, Tracy Lasser for ad collection and editing, Gail Fowler for being "protector of the books" and managing the money, and Holly Treadwell for her patriotic front cover photo. This generous donation will go into FFP's general fund and be used for ceremonies, veterans' activities, future signage, and offsetting costs of future monuments. Please pick up a copy for yourselves...or loved ones who need some help in the kitchen Contact Gail Fowler to get your copy (903) 720-0199.

UPCOMING EVENTS

Veterans Day Ceremony. On Wednesday, November 11th we will hold a Veterans Day Ceremony at Freedom Park. Like last year, we will have refreshments and a community gathering before the 5:00pm ceremony start time. Please join us in recognizing and remembering those

*First Friends presents
check to Barrett and
Thomas at their September
meeting*

who sacrificed for our country. More information will be emailed to those on our mailing list, posted on the FFP website and CWC Portal Group "Friends of Freedom Park".

Annual Membership Meeting. Sunday, November 15th will be our (first) annual membership meeting. Remember, if you donated in any way to the Veterans Memorial or Freedom Park, you are a member in 2026! Please join us in celebrating our first year as an organization and hear what we've done so far, and what we have planned for the future. We also will be holding elections...

FFP Elections. Elections will be held at our Annual Membership meeting on 11/15. Normally, we would have Board members rolling off, but all Board members are still serving their 3-year terms. This year FFP will only hold officer elections: President, Vice President, Treasurer, Secretary. If you are a current Board member (and member-in-good-standing), you are eligible to run for office. Please contact Donna Mitchell donnamitchell157@att.net or Ken Pope on our Elections Committee to get on the 2026 ballot.

UPCOMING PARK MONUMENTS

Freedom Park Memorial Bench. A second black granite bench honoring 8 veterans will be installed this month. Please visit the Park's bench and recognize our newest honored Veterans: RT Campbell, Franklyn Grant Mapes, John T Smith, Bob G Wallace, Lawrence Edward Lahaie, Robert Staicer, Steve "Wolfman" Snider, and Harold Glenn Dotson!

Freedom Pillars. A new monument concept is solidifying. Freedom Pillars will stand at varying heights (5' to 7' high) and be triangular in shape. Two of the 3 sides of each pillar will face the lake and will display about 8 to 10 Veteran names on each side similar to the existing Wall of Honor. The third side will have a patriot quote or message. The benefit of the pillars is that we won't need 100 names to

start the project. Each pillar would need 16 to 20 names to be complete and, when enough veteran names move onto the waitlist, we can add another pillar.

Honor-A-Veteran Waitlist. We have a waitlist of (currently) 35 veterans' names which Lake Cherokee residents wish to honor. If you would like to add name(s), then, as opportunities arise, we will contact you. Send Kathryn Johnston an email with the veteran's name and your contact information kac135975@gmail.com

COMMUNICATIONS

If you would like to receive our infrequent and entirely unscheduled email Newsletter and updates, send Kathryn your contact info. One day it will be Quarterly...ah to dream. For now, we only email when there is something important to say.

FFP Portal Group

We also have a CWC Portal group. We post all updates and membership emails on here as well. Please join our group if you haven't done so already.

For more information on any of the above events and projects, visit us at www.LakeCherokeeFreedomPark.org

Neighbor Helping Neighbor

Cherokee Cares Fund helps support Shareholders within the Lake Cherokee community who are facing challenges or hardships, with a mission to

uplift neighbors in need by offering access to vital resources and compassionate assistance. This can be in the form of volunteer assistance, professional services, or financial aid.

As funds are available, applications for assistance are considered by the LCCF Board of Directors or the Cherokee Cares Co-Chairs. If you know of shareholders who are experiencing age-related difficulties, physical or mobility challenges, or temporary financial crisis, contact Cherokee Cares Co-Chairs Christi and Jeff Traylor. (817-480-3369)

LCCF is 100% funded by donations. The link below will take you to the website for making donations or gaining information on the Cherokee Cares Fund. If every shareholder gave \$20, the fund would be able to care for neighbors who need

LCCF also has information on the CWC Portal for easy access. If you would like to volunteer to help a Shareholder who can't maintain their lot, run errands for a Shareholder who is a shut in, or offer your professional services when needed, contact the Traylor's to join the list of volunteers who can be called from time to time.
